# New Mega Captain \$120 Commission!

## Now Play Mega Money and Mega Millions In Addition to Powerball and the Florida LOTTO

The doors are now open for upgrading your membership to either Mega Captain or Mega Player! Both positions will enter you into four lottery drawings every month: Florida Lotto, Powerball, Mega Money, and Mega Millions. As with the Team & Power positions, you have two options — Player or Captain. Players only play in the lottery drawings and cannot build teams or earn commissions. Captains build Their teams AND earn monthly commission. The Mega Player position costs \$120 per month, the Mega Captain position is \$240 per month.

As a Mega Captain you will receive 50% payout of \$120 per month for all Mega Captains you personally enroll (or that upgrade in your downline). So with two on your front line, your membership is still free! You'll also receive \$8.00 monthly commission from all other Mega Captains in your downline referred by your downline members.

Should you decide not to upgrade, your commission for Mega Captains in your downline is capped out at your level of membership and the remainder rolls up to the next Mega Captain in your upline. You also do not play on Mega Millions and Mega Money tickets for Mega Captains in your group. For example, if you are a Power Captain and have a Mega Captain on your first level, your commission would be \$60 per month instead of \$120 and you are only sharing in the winnings of that person's Powerball and Florida Lotto tickets.

**Don't miss out!** Upgrade for the June drawings by calling the home office at 850-864-2251 or emailing your upgrade request to [members@lottomagiconline.com](mailto:members@lottomagiconline.com).

Mega Millions jackpots start at \$12,000,000 each

drawing and go up from there if there is no winner. Mega Money jackpots start at \$500,000 and can go up to \$2 million if there is no jackpot winner. After it reaches \$2 million with no winner, the top prize pool rolls down and increases the payouts on lower level prize amounts.

**Here's a special new bonus feature for Power Captains and Mega Captains:** On tier 1 jackpot ticket winnings only, sharing will be decreased from 10% on Level 5 to 5%. Why? Because we are going to pay you another 1% jackpot ticket winning share on Levels 6 through 10. **This applies to top prize jackpot ticket sharing only, not to cash commissions that you earn.**

Power Captains are only eligible to receive ticket winning shares on Power Captains only. Mega Captains receive this new bonus jackpot ticket sharing on both Power Captain and Mega Captain jackpot wins.
