It's Fall Recruiting Season; New Commission Policy

Summer's Over...

Time to Get Busy With Your Fall Recruiting

Kids are back in school, vacationers have returned home and now it's time to get your business into high gear! We understand that both you and your prospects may have had a busy summer schedule, but now that things are back to a normal routine for most people, the time has come to resume building your business.

Wouldn't it be nice to have extra spending cash BEFORE the holiday season this year, instead of worrying about credit card bills showing up in January?

Pages 31-34 of your green training book contain a "Memory Jogger" of people you come in contact with every day that should be prospects for your business. If you don't have the book, you can download it in your back office by logging in, Clicking Training, then Training Book. Start flooding your pipeline by going through the list and asking each one of these people if they know anyone who plays the lottery and would like a better way to do it that pays them, win or lose. Notice that by asking for referrals instead of directly asking them, it relieves the pressure on them. If they are interested, they will jump and shout, "Yes, me" and if not, perhaps you can obtain a few contacts you may not have had otherwise. Direct interested prospects to the corporate website to watch the video or let them borrow a DVD.

After they see the presentation, if they have further questions, direct them to the Opportunity Call on Wednesday evenings at 8pm EST.

Depending on when you follow-up with them, you should also give them another reminder a few hours before the call. This is your chance to have us do all the work for you and help you close your prospects!

After you read the training book, you should also attend the training call at 9pm EST (Do not give out access information to this call to your prospects; it's for members

only).

To access both calls, dial **206-402-0100** then enter pin code 406159#. Links to listen online are also posted on the Lotto Magic Facebook wall a few hours prior to the calls. Looking forward to seeing you and your prospects there!

Next Co-Op Mailing Scheduled

The next Co-op Mailing is scheduled to go out the end of October 2013. Because space is limited in each mailing and there is usually a waiting list, you are encouraged to place your orders now!

Pricing is \$445 for a 500 piece or \$250 for a 250 piece mailing and can be ordered by calling (850) 864-2251 or using the Sales Aid Order Form on the other side or order online through your back office.

New Policy Regarding Commissions

Effective October 1, 2013

Sometimes members' checks bounce **after** we have closed out the month, purchased the lottery tickets, and paid commissions.

For example, we receive a payment during the last week of September. We then close out the month, buy the tickets and pay commissions. Then we find out after the first week of October that certain checks have been returned unpaid.

We will still send out our collection letter -- and if we receive reimbursement before the end of October, everything is fine. If we do not, we will make an adjustment to your account to retrieve the commission that we have paid you. In some cases, this will result in your monthly ACH autopay being processed for more than the amount shown on your monthly statement.

CLICK FOR MORE

Lotto Magic is a home business "and" [lottery ticket pool](#) all rolled into one **perfect home business package**. It provides YOU with everything you need to be a complete online success, plus it's a company that has been successfully in business since 1996. That's 2 years before Google beta, 7 years before the iPhone and 8 years before Facebook. Lotto Magic has also been in business longer than 99.6% of the home biz companies out there and available online right now - an experienced company!

For you that means you can earn a great **monthly income** by sharing Lotto Magic with others through an established company that will be here for years to come. You'll also increase your chances of winning the Florida, Powerball and Mega Millions lotteries by joining team lotto pools and sharing in all the lottery winnings of the people on your team!
